** STAFF REPORT **

PROJECT DESCRIPTION

This is a request for a Special Use Permit for a proposed Urban Lounge in the Las Vegas Arts District, one of three within the proposed building at 4 Charleston Boulevard. For clarity, this report refers to the easternmost tenant space within the building. It is marked on the submitted colored floor plan as “Urban Lounge 1.”

The Urban Lounge meets the use requirements under Title 19.04, is harmonious and compatible with nearby land uses, and will not jeopardize the public health and safety. Staff therefore recommends approval of the Special Use Permit.

Projects located within the Las Vegas Downtown Centennial Plan area are not subject to the automatic application of parking requirements. However, the above table illustrates the requirements of an analogous project in other areas in the City. Parking for Urban Lounges is determined on a case-by-case basis. Parking area onsite is limited; uses at this site will rely heavily on offsite parking and walk-up traffic.

Per Title 19.04.010 and Title 6.40, the following standards apply:

Urban Lounge Requirements	Bar Seats	Lounge Seats (Required: 2 per bar seat)	Ratio Lounge Seats to Bar Seats	Slot Machines (Max. 5 machines)

ANALYSIS

An Urban Lounge is defined by Title 19 as an establishment that is licensed for the sale of alcoholic beverages for consumption on the premises where the same are sold, and the sale, to consumers only and not for resale, of alcoholic beverages in original sealed or corked containers, for consumption off the premises where the same are sold. To qualify as an Urban Lounge, the following conditions must be satisfied:

1. The use is limited to the area located within the boundaries of the Las Vegas Arts District, as described in the Downtown Centennial Plan and as amended from time to time.
2. For each seat provided at the bar of the establishment, there must be a minimum of two seats within a lounge area located away from the bar.

3. The use is subject to the provisions of Chapter 6.40 relating to gaming and Chapter 6.50 relating to liquor control.

An approved Special Use Permit is required for this use.

Regarding Number 1 above, the site is proposed to be located within the boundaries of 18b, the Las Vegas Arts District. With regard to Number 2 above, the bar will provide 13 seats and the lounge area will provide 29 seats, in conformance with urban lounge requirements. With regard to Number 3 above, the lounge will contain five bar top slot machines, which is the maximum allowed under Title 6 for this use. There is no distance separation requirement for urban lounges within the Arts District. The table above summarizes this information for the three proposed urban lounges.

The three lounges are not connected directly to each other, but are linked by a common hallway at the rear of the tenant spaces; this hallway leads to shared restroom facilities. The Department of Building and Safety has no objections to the proposed building's exiting plan and shared ADA restrooms in concept. Full conformance to the 2006 International Building Code will be determined at the time of plan check for permits. Each lounge will be treated as a separate leasehold and will at no time together be considered as one establishment.

FINDINGS

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **"The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan."**

The proposed Urban Lounge use is compatible with the other two urban lounges proposed within the subject building and with other uses on surrounding properties.

2. **"The subject site is physically suitable for the type and intensity of land use proposed."**

The existing building will be demolished to make way for a proposed building that will accommodate three urban lounges, a restaurant and offices. Parking meets code requirements, but may not be adequate to address the needs of all potential customers.

3. **"Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use."**

The site is accessed from a 20-foot wide alley with access to Main Street (a 100-foot Primary Arterial) on the west and Casino Center Boulevard (an 80-foot Secondary Collector) on the east. These facilities are adequate in size to meet the requirements of the proposed Urban Lounge use.

4. **“Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.”**

The Urban Lounge will be subject to regular inspection for licensing purposes and will not compromise the public health, safety and welfare.

5. **The use meets all of the applicable conditions per Title 19.04.**

The site is proposed to be located within the boundaries of the Las Vegas Arts District. The bar will provide 13 seats and the lounge area will provide 29 seats, in conformance with urban lounge requirements. The lounge will contain five bar top slot machines, which is the maximum allowed under Title 6 for this use. There is no distance separation requirement for urban lounges within the Arts District.
